Dr. A. A. Doherty has received a letter from Mrs. Doherty in which she says both she and Miss Ethel are having a delightful visit at the Alaska-Yukon Exposition. En route to Seattle, Mrs. Doherty and Ethel stopped a few days at Portland, Oregon with Mrs. Lyon, sister of the late Edward Amsden, and cousin of Mrs. Doherty.

Work on the Cananea, Yaqui River & Pacific railway, south of Mazatlan, Sinaloa, and in the state of Tepic, according to Superintendent Taylor, who arrived from the south Wednesday evening with his wife, has been suspended until after the rainy season. More than three thousand men have been laid off and hundreds of mules turned on pastures. Work will resume about October 1st. Every train entering Nogales from the front brings American laborers, some of whom have been with the big construction company since work commenced.

John Deegan, brother-in-law of Hon. George W. Atkinson, of Calabasas, was up from the ranch yesterday. He said that Mr. and Mrs. Atkinson were now visiting relatives in Grand Junction, Colorado, where Mr. Atkinson resided more than thirty years ago, about the same time the gentleman organized a Sunday school class in Denver.

A. Ullmann, the unfortunate young man who several months ago was sent from this place to the Territorial Insane Asylum at Phoenix, died July 26th at that institution. The Ullmann family lived in Nogales many years, and at one time owned valuable real estate here. A mother and three sisters now reside in Panama, having gone there a couple of years ago from Nogales. Abraham was thirty-one years of age.

W. G. Bowman, ex-agent at this point for the Southern Pacific, now agent at Carls, Sonora, arrived last night from Los Angeles, accompanied by his two little daughters. Mrs. Bowman, who recently underwent a successful surgical operation at the California Hospital, in Los Angeles, continues to improve and will soon be able to leave the hospital.

Captain William McGee, who with Mrs. McGee is enjoying life at Avalon, Catalina Island, California, writes that he and Mrs. McGee will return to Nogales about August 6th. The genial captain writes: "Caught some fish, also some cold; got rid of fish, still have the cold." Friends of Captain and Mrs. McGee will be pleased to see them back.

L. B. Fleischer, proprietor of the American Clothing Factory, the forepart of the week visited his mines down in the Magdalena district, a short distance from the Sonora railway. He went to Santa Ana, thence to the property in A. M. Oonard's automobile. The mine is looking well and Mr. Fleischer expects to dispose of it for \$100,000. Mexican money.

Hon. Bo. J. Whitesides, Sachem of Papago tribe No. 11, Redmen, left Wednesday morning for a month's visit with his aged mother in San Francisco. Bo says after enjoying a rest by the sea with his dear old mother and old friends of his boyhood days, he's going to return and get down to business in earnest. Here's hoping the gentleman may enjoy his vacation.

Sunday evening R. H. Ubank, superintendent of the Buena Fortuna Gold Mining Company's gold mines in the Pinito mountains, arrived from camp, returning Monday night. Alberto Mascareñas, manager of the local branch of Banco de Sonora, this week received a handsome large Tourist automobile, which he will keep for the use of himself and friends. Harry Karns, the automobile man, says the machine is first-class in every respect, and certainly Harry knows. When you see a red streak flash past you, don't be frightened; it's only Mr. Mascareñas and his red auto.

From here the gentleman will go to points in Sonora and Sinaloa, Mexico, where he expects to remain several months.

Joe Obermuller, of the Promontorio mines, in the Alamos district, Sonora, came up from the south Wednesday evening, and Thursday morning continued on to Douglas, where he went on mining business. Mrs. K. F. Pettay, local representative of the Tucson Star and Bisbee Review, has given up her work in Nogales and returned to Tucson; in the future the Star and Review will reach Nogales by mail instead of by express. The departure of Mrs. Pettay has caused a vacancy in the secretaryship of the Nogales and Santa Cruz County Board of Trade, that position for a month past having been held by the correspondent of the Kelly papers.

A. L. Lewis, the ore buyer of Hermosillo, who lived here a long time with his family, was a stopover visitor in Nogales Monday on his way to Douglas, Arizona, where Mrs. Lewis and their daughter now reside. Associated with Mr. Lewis is Mr. Hart, also a well known thoroughly reliable gentleman who understands the handling of ores. If you have ore, bullion or concentrates Messrs. Lewis & Hart will purchase same, paying the top price.

John A. Black, many years a prominent resident of Tucson, alleged embezzler of \$10,000 of the funds of the Tucson Building & Loan Association, who was recently arrested in Chicago and brought back to the old pueblo to stand trial for his alleged crime, is now confined in the Pima county jail. Major Black was unable to raise the necessary \$15,000 bond, and no doubt will remain in jail until the fall term of district court, when his case will be tried.

Friends of Amos J. Yaeger, manager of the Zambona Development Company, will be pleased to learn that he is recovering from recent serious injuries sustained at Minas Nuevas, where a mammoth new plant is being installed. Manager Yaeger fell into a 40-foot tank and narrowly escaped being killed by an iron bar which struck him in the back. Mr. Obermuller, of the Promontorio mine, says the injured mine manager is getting along as well as could be expected.

Dr. A. A. Doherty, county assessor of Santa Cruz county, has just cause to feel proud of his work as assessor, and the majority of our people who "pay the freight," are loud in their praise of the splendid record made by Dr. Doherty during his first year's work as assessor. The tax roll this year, as turned over to the board of supervisors, amounts to \$2,273,898.00, as against \$1,800,000.00, last year. Certainly Dr. Doherty is making good, and the honorable board of supervisors made no mistake when they appointed him to the important responsible office of assessor.

L. O. Quinn and D. A. Sanford, Jr., registered at Hotel National Thursday from Patagonia. Mr. Quinn refused to tell the nature of his business at the county seat, but his friends say he was seen talking to Probate Judge M. Marsteller in a very confidential manner, and while he was not accused of tendering His Honor money, it is understood preliminary arrangements were made whereby certain necessary papers can be secured on short notice. The name of the fortunate lady has not been learned. Messrs. Quinn and Sanford returned home yesterday morning.

Thursday Messrs Shugart, Bass, Smith and Bai ey, enthusiastic Nimrods, enjoyed a day's outing down Cibola way, where birds are plentiful this time of the year. However the boys took no chances, and among other necessary supplies, were about forty pounds of beef ribs. Needless to say none of them went hungry.

Messrs H. F. Knuth, manager of the Westcliff Hardware Company, of Canyon City, Colorado; L. E. Franks of Canyon City, and F. A. Moore, of Florence, Colorado, returned the forepart of the week from a visit to the Altar mining district, Sonora, Mexico, where they had been inspecting gold mining property with a view of purchasing same. The gentlemen were greatly pleased with their trip and the property visited, and will no doubt become interested financially. Mr. Knuth brought back with him pieces of ore showing native gold, which he personally took from a fine vein on the property visited. Wednesday the gentlemen left for home, expecting to return at no distant day.

Bracey Curtis, vice president, and H. M. Clagett, treasurer of the Nogales and Santa Cruz County Board of Trade, who volunteered to attend to the collection of dues from delinquent members, in the absence of a secretary, are meeting with splendid success, and the affairs of the board will soon be in fine condition again. Next month the annual meeting of the board for the election of a new board of directors will be held, and every member should be present to help elect a board of directors who will continue the good work accomplished during the past. A new secretary will not be elected until after the annual meeting of the board next month, the date of which will be later announced.

Last Tuesday the last of the two miles of rails necessary to exempt the line between Calabasas and Sahuarito from ten years' taxation, was completed and now the promoters can rest on their oars, so to speak. The people of Tucson and Pima county appear to be in earnest in the matter of the Twin Buttes extension and it is only a matter of a short time when Nogales and the ancient and honorable pueblo will be brought closer together than in the past. With Tucson as a competitor for Nogales' Mexican trade, it will behoove our merchants to get a "Chicago" move on themselves in order to hold the splendid business they now receive from towns and mining camps to the south of us. "A word to the wise is sufficient."

Last Sunday H. V. Platt, superintendent of the southern district of the Southern Pacific, after spending several hours in Nogales, returned north on a tour of inspection of the line between here and Benson. Supt. Pratt's special train was made up of the private cars "Los Angeles," "San Carlos," also a buffer. Mr. Pratt was accompanied by H. B. Titcomb, district engineer of the southern district and P. Sheehy, superintendent of motive power, all of Los Angeles. Superintendent Whalen and J. D. Mathews, division engineer, with headquarters in Tucson, occupied Mr. Whalen's car "San Carlos." The road between here and Benson was found in good condition, the bad breaks of a couple of weeks ago, having been placed in order. Sunday night the Pratt party commenced the return trip to Los Angeles.
